A petition was presented for an appropriation to make or repair the channel in the branch of the Peabody River to obtain water to take care of the sewerage that goes into this stream.

As this seems necessary the Budget Committee recommends the sum of $500 be appropriated and raised for this purpose.

The Budget Committee does not recommend building any sidewalks this year.

A petition was presented to repair and widen Cross street at the Canadian National Railway crossing for two way traffic. It the opinion of the Selectmen and Committee that this is not a safe crossing for two way traffic and for this reason the Budget does not recommend raising any amount for this pursose.

A petition for Band Concerts was presented and the Budget Committee recommends the same amount as last year be appropriated and raised, namely $480.

The matter of increasing the salaries of the Water Commissioners was brought to our attention, but as all the town officers salaries are fixed by a vote of the town we feel this should be up to the voters at town meeting.

The Water & Sewer Commissioners strongly advise the need of a dam and retaining wall at Perkins Brook, estimated to cost $1500. They figure this would save the town around $800 a year in labor. A this would seem a good investment the Budget committee recommends the sum of $1500 be appropriated and raised for this purpose, and that it be put up for bids, all labor to be done by local help, and not to exceed $1500.

The town is now able to get W. P. A. assistance and it has been suggested that the following sewers be built; Alpine Street, Promenade and Church Streets, and the Leblanc-Willis sewer. Estimated cost of these projects is material furnished by the town $2907.60 and we recommend this amount be appropriated and raised. All labor for these projects will be furnished by W. P. A.

We recommend the sum of $7500 be appropriated and raised for Town Maintenance and that from this amount the following be done: A ditch made to take care of the water, Grand Trunk right of way to Union Street; the approaches to the Swing Bridge on Peabody River be properly made; a guard rail on road leading from trunk line to railroad bridge at Cascade; and a catch basin be installed on Broadway to take care of the surface water.

We recommend the following amounts be appropriated from funds on hand;

Land Bonds	$ 5,000
Municipal Water Bonds	2,000
Cascade Water Bonds	4,000

Following is a list of our budget for the ensuing year, and if no new projects appear other than recommended below our tax rate should be about $35 per thousand.

We have two W. P. A. Projects now in progress: replacing water pipe to the Island and on Alpine Street

The surface drainage jobs for Promenade and Alpine Streets are now under consideration for Federal Aid.

It is to be noted that the amount due on back water rents has been greatly reduced in the past year, and we would like to ask the co-operation of the public in helping to cut this down still lower during the coming year.
